Weller's Herbaceous Perennials

For

ROCKERIES, HARDY BORDERS
WALLGARDEN AND CUT FLOWERS

For the Season 1931

Weller Nurseries Company, Inc.

Largest Growers of Perennials

Holland, Michigan

Before Ordering, Kindly Read the Following

A FEW POINTERS TO REMEMBER

All our Perennials are strong, fieldgrown stocks.
All our Perennials have been transplanted into the field.
All our Perennials are shipped as dug from the field, but properly graded, of course.
All our Perennials are from young stocks, no old, overgrown stock.
All our Perennials will flower the first year.
All our orders are checked three times before going into the box.
All we work for is a larger Perennial business for all of us.

SPECIAL NOTICE

All orders from unknown parties must be accompanied by cash. Making inquiries takes time and holds up service. We do not ship C.O.D. unless 25% of the amount of the order is paid with the order. Parcel post shipments cannot be made unless a reasonable amount is figured in with your remittance. When ordering, do not forget to state if we are allowed to substitute or not. Sometimes we can give you practically the same thing or better and save you the trouble of hunting all over the country to cover a little shortage. No orders for less than 10 of a kind accepted.

TERMS

To customers of approved credit our terms are 30 days net, 2 per cent in ten days, 5 per cent for cash with the order. Prices are f.o.b. Holland, Mich.; packing at extra cost. If you have never ordered from us before, please do not forget to give references with your order, which will prevent delay and a lot of correspondence.

ROCK AND ALPINE PLANTS

The demand for Rock and Alpine Plants is without question a prominent one and here to stay. You will lose business by not having a good collection to offer. Plant a collection in your trial grounds where people can see them and they will buy.

HARDY PHLOX

(Our National Garden Flower)

We possibly grow the best Phlox that is being handled, because of our splendid soil and our liberal selection. Our collection of varieties is without question the best that is being grown anywhere. We believe in Phlox. They are the best garden flowers we have. All our Phlox are strong, one-year-old field-grown plants with all the roots as dug. No better plants on earth.

MIGNON DAHLIAS

While traveling in Europe Mr. P. Weller was surprised at the popularity of this variety or class of Dahlias over there. Everywhere he observed most gorgeous and striking beds of these beautiful flowers, in parks and private gardens, along boulevards and driveways, and he made up his mind that if anything should be introduced in America it be the MIGNON DAHLIA.

MIGNON DAHLIAS—Continued

These are unsurpassed for bedding plants where quantities of flowers are required during the summer months. These single-flowered Dahlias attain a height of about 18 inches and begin to flower early in June and continue to do so until frost. The flowers are about 2-3 inches across and the colors are most striking, from pure white to golden yellow and orange and from light pink to deep carmine red and purple. They should be set about 18 inches apart in beds in June, either in the border or solid beds.

Where one desires a great deal of color, we strongly recommend the Mignon Dahlia.

We offer them in one-year-old plants, mixed colors..... Per 10 Per 100
